## DECLARATION OF Michael J. Healy

I, Michael J. Healy, depose and state as follows:

1. I am Laboratory Manager for Weston-Gulf Coast, Inc. (GCL), 2417 Bond Street, University Park, Illinois, 60466, as well as a custodian of GCL's records concerning the sample results discussed herein.

2. In 1986, GCL performed laboratory analyses on certain soil samples provided to GCL by Pedco Environmental. On information and belief I understand that these soil samples were taken by Pedco under a contract with the United States Environmental Protection Agency (EPA) as a part of a removal action being conducted at the A-Chem site.

3. The results of the sample analyses are reported on GCL's "Analytical Report" sheets attached to this Declaration and are represented by GCL numbers 88312 through 88317.

4. The sample analyses performed on the A Chem soil samples and the preparation of Analytical Report sheets

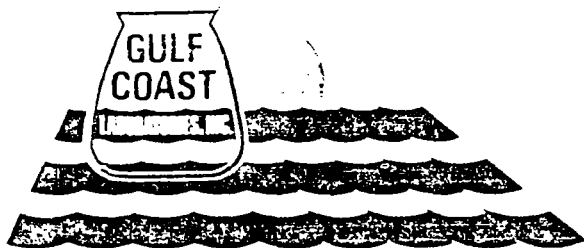

reflecting the results of those analyses was all done in the normal course of business by GCL.

5. I have reviewed the records maintained by GCL and have compared those records with the Analytical Report sheets and Chain of Custody sheet attached hereto and have found them to be identical.

I do affirm under penalty of perjury and upon personal knowledge that the contents of the foregoing Declaration are true.

Executed this 30th day of April, 1992, at University Park, Illinois.
